

Role Description and Person Specification

An exciting new position has been created at e2e-assure for a Microsoft Security Solutions Architect. We are looking for a technically sound architect who has the skills and capabilities work with the wider team building and delivering world class managed security services across the Microsoft security stack.

Role: **Microsoft Security Solutions Architect**

Contract type: **Between 30 and 40 hours per week, depending on candidate**

Team: **Strategic Alliances (Business Development)**

Reports to: **Strategic Partner Manager**

Location: **From home, although some travel will be necessary**

Standard Duties

Purpose of role:

This role is the go-to person for technical information on Microsoft Security, from service development, pre-sales and operational perspectives.

Key Responsibilities:

- Assist in design and testing of new services.
- Ensure existing services continue to support Microsoft security tools as they morph.
- Lead pre-sales technical relationships with respect to Microsoft security tools.
- Build and own a Microsoft security lab for internal testing.
- Ensure e2e internal tooling supports Microsoft security tools.

Candidate Attributes

Essential:

- Familiarity with Microsoft 365 and Azure environments
- Demonstrable security/vendor exam passes
- Security clearance or ability to gain security clearance
- Exposure to Microsoft Sentinel and Microsoft Defender
- Ability to work with wider team and customers

Desirable:

Microsoft Exam passes:

- MS-500
- AZ-500
- AZ-900
- SC-200/300/400/900
- MS-100/101
- AZ-100/101

CISSP
SIEM/SOC experience
Experience working in a security role or organisation

Additional Information

Location

Some travel, including international, may be required.

Hours

30-40 hours per week (usually 9am – 6 pm)

Some out-of-hours working may occasionally be required

Salary and Benefits

Competitive salary, depending on experience.

25 days annual leave, rising to 28 days over time.

We also offer personal R&D time, a dedicated training budget, company sick pay and contributory pension scheme.

Other information

After being provisionally offered a job, candidates will be DBS and background checked by a third party and must be willing to attain SC and NPPV3 clearances (we will put you through this process). Failure to attain these clearances may result in your employment being discontinued.

We expect e2e-assure employees to have a high standard of personal integrity, both during and outside work time, including how they present themselves online. We may conduct background and open source checks to verify this.
