

e2e Secure Cloud Connect– Pricing Document

PRICING

There are four parts to the pricing; the number of Fixed VPNs, Mobile VPN users, Proxy Gateway Service users and MDM users. All service levels can be mixed and matched depending on the volume required for each service level.

FIXED CLOUD CONNECT VPNS

There is an on-boarding charge for this service which covers the first location regardless of whether equipment is supplied or not. This is to enable your organisation to be able to consume the service and includes training and guided build workshops to streamline the on-boarding. The on-boarding charges are one off charges that are incurred at service commencement.

There is a second one off charge that is incurred when scaling up or adding new VPNs. This is due to the increase in license, underlying private compute, bandwidth and other service costs that are required to provide the new level of service.

Each additional location has set up charge of £1500 to extend the fixed VPN infrastructure.

Fixed VPNs	Baseline	Enhanced	Premium	On-boarding	Scale-up
Number of fixed VPNS	Monthly price per VPN	Monthly price per VPN	Monthly price per VPN	One off at service commencement	Incurred when scaling up (one off, not per month)
1-5	£225.00	£253.13	£267.19	£2,500.00	£900.00
6-10	£210.94	£239.06	£253.13	£2,500.00	£900.00
11-20	£196.88	£225.00	£239.06	£2,500.00	£900.00
21-50	£182.81	£210.94	£225.00	£3,500.00	£900.00

51-100	£168.75	£196.88	£210.94	£5,000.00	£1,500.00
101-250	£154.69	£182.81	£196.88	£7,000.00	£2,500.00
250-500	£71.25	£78.75	£93.75	£11,000.00	£4,500.00
501-1000	£67.50	£75.00	£86.25	£15,000.00	£6,500.00
Above 1000	As per 501-1000 pricing with 10% discount	As per 501-1000 pricing with 10% discount	As per 501-1000 pricing with 10% discount	As per 501-1000 pricing with 10% discount	As per 501-1000 pricing with 10% discount

FIXED VPNS - ADDITIONAL VPN GATEWAYS AND TERMINATION SERVICES

Where e2e are required to provide a CPA VPN gateway to additional locations there is fixed charge per location that covers the setup device and installation.

CPA VPN Gateway		
Installation of an e2e provided additional fixed high security VPN gateway at a new location	On boarding Per device	£2,850.00

Where we cannot use the existing cloud service providers service, or a higher level or security is required, we will provide a virtual cloud termination VPN service

Cloud VPN Termination service		
Installation of an e2e provided additional fixed VPN service at an existing Cloud	Per device	£1500.00

MOBILE VPNS

Mobile VPNS	Baseline	Enhanced	Premium	On-boarding	Scale-up
Number of users	Monthly price per user	Monthly price per user	Monthly price per user	One off at service commencement	Incurred when scaling up (one off, not per month)
1-9	£35.00	£40.00	£45.00	£2,500.00	£900.00
10-25	£35.00	£40.00	£45.00	£2,500.00	£900.00
26-50	£30.00	£35.00	£40.00	£2,500.00	£900.00
51-100	£25.00	£30.00	£35.00	£2,500.00	£900.00
101-150	£20.00	£25.00	£30.00	£3,500.00	£900.00
151-250	£15.00	£20.00	£25.00	£5,000.00	£1,500.00

251-500	£12.50	£15.00	£20.00	£7,000.00	£2,500.00
500-1000	£11.00	£13.00	£17.50	£11,000.00	£4,500.00
1001-2000	£10.00	£11.00	£15.00	£15,000.00	£6,500.00
Above 2000	As per 1001-2000 pricing with 10% discount	As per 1001-2000 pricing with 10% discount	As per 1001-2000 pricing with 10% discount	As per 1001-2000 pricing with 10% discount	As per 1001-2000 pricing with 10% discount

CLoud CONNECT SECURE GATEWAY PROXY SERVICES

Organisations will only ever need one of each of the items below unless they chose a dual site service which then requires double the monthly service charges.

Web Proxy Service	Baseline	Enhanced	Premium	On-boarding	Scale-up
Number of Devices/Users	Monthly price per device	Monthly price per device	Monthly price per device	One off at service commencement	Incurred when scaling up (one off, not per month)
1-9	£6.00	£8.00	£10.00	£850.00	n/a
10-25	£5.75	£7.50	£9.50	£850.00	£850.00
26-50	£5.25	£7.00	£9.00	£1700.00	£850.00
51-100	£5.00	£6.50	£8.00	£1700.00	£850.00
101-150	£4.50	£6.00	£7.00	£1700.00	£850.00
151-250	£4.00	£5.00	£5.50	£1700.00	£850.00
251-500	£3.50	£4.00	£4.50	£2500.00	£1700.00
501-1000	£3.00	£3.50	£4.00	£2500.00	£1700.00
1001-2000	£2.00	£2.50	£3.00	£5500.00	£3700.00
>2000	As per 1001-2000 pricing with 10% discount	As per 1001-2000 pricing with 10% discount	As per 1001-2000 pricing with 10% discount	£5500.00	£3700.00

There is an additional 15% discount where this service is used in conjunction with any other Cloud Connect Service and for dual site options.

SMTP Proxy Service	Baseline	Enhanced	Premium	On-boarding	Scale-up
Number of Devices/Users	Monthly price per device	Monthly price per device	Monthly price per device	One off at service commencement	Incurred when scaling up (one off, not per month)
1-9	£9.00	£12.00	£15.00	£1700.00	£850.00
10-25	£8.63	£11.25	£14.25	£1700.00	£850.00
26-50	£7.88	£10.50	£13.50	£1700.00	£850.00

CLOUD CONNECT PROTECTIVE MONITORING SERVICE

Organisations can also choose one of three levels of protective monitoring – i.e. they can choose a premium cloud connect service and a baseline protective monitoring service or any other such combination that best aligns with their risk posture. The Cloud Connect service can be purchased without a protective monitoring service if an organisation determines that they do not require it. This would result in the service provide standard security monitoring and alerting but no proactive actions being taken to investigate the alert or incident.

The protective monitoring service provides a complete security monitoring system, designed and built by e2e experts who have spent over 15 years designing and building security systems for major banks, telco's, payment providers and the military. e2e have taken the best of open source and commercial systems and blended them together to provide a formidable arsenal of security services which are applied to all of the components of the Cloud Connect Service provided to a customer.

An overview of the Protective Monitoring services have been provided below but for further information and pricing please see the separately provided e2e Protective Monitoring Service:

- Log collection, storage and monitoring of all data flowing through the secure cloud connect
- Network based IDS using open source tools
- Traffic monitoring and intelligent traffic analysis (i.e. detects and classifies traffic based on its type not it's port number – e.g. detects data tunnelling and applications using nonstandard ports, exfiltration and other data leakages)
- Packet capture and analysis to enable investigations into alerts and to support incident response
- DNS monitoring to detect DNS lookups to known or suspected malware or other suspicious domain names
- Botnet monitoring – hunts for and alerts on any type of connection known to be used by botnets
- Web and email threat monitoring – monitors access to the Internet and emails and hunts for known threats and signs of potential threats in web site browsing, URLs and emails
- Threat indicator monitoring and latest threat intelligence monitoring
- Geographic analysis of all attacks and traffic
- Cloud-focused service design that provides monitoring of the latest cloud based threats and intelligence
- Fully managed cloud service that can be provided with varying levels of customer involvement as appropriate
- In depth reporting on all aspects of the service
- Threat detection across a wide range of traffic – web, SMTP, HTTP AND HTTPS inspection as an option
- Dynamic Asset Management

SCALE UP SUPPORT OPTIONS

The service includes the BAU activities relating to managing the services and providing support but it is possible that the customer requires the reassurance of having dedicated e2e resource on hand to support their IT team during critical times.

The following scale up option allowing customers to purchase cost effective support and scale it up at times of emergency or heightened importance:

Private Cloud Management and Support Ad hoc items		
Extended support add on 24/7 response – uplifts support level to a one hour response 24/7 for any day or number of days	Per Day	£850.00

ADDITIONAL BANDWIDTH

Additional Internet Bandwidth		
Resilient 100 Mbit/s access, DDOS protected	Per Month	£400.00
Resilient 1Gbit/s access, DDOS protected	Per Month	£2500.00

DUAL SITE OPTIONS

The service can be distributed across two e2e datacentres. This provides availability levels above 99.99%. e2e provide secure connectivity between sites as an inclusive part of the dual site service. Either site on its own is capable of handling all traffic.

OTHER SERVICES

A range of other services are available that can be used to perform tasks such as assisting you with the roll out of VPN clients, connecting the mobile VPN to active directory or certificate services for user authentication or to assist with design aspects of the service. These are priced per day as per e2e's SFIA rate card.

Other Services		
Design effort per day		£900.00
Service training per day		£900.00
Ad hoc support per day		£850.00
User authentication integration (e.g. mobile VPN to customers' active directory per day)		£850.00
Advice and consultancy per day		£1,050.00
