Additional VMs - PaaS	£450.00	£550.00	£700.00

The default VM specification is 2x vCPU, 8GB RAM, 100GB

There is an On Boarding charge of £850 per additional VM.

## DISCOUNTS

There is an optional discount for all service of up to 25% when this service is directly used in conjunction with other e2e Services.

## BANDWIDTH

The hosting provides a resilient internet connection with an allowance of up to 10mbps average over a month. This is an averaged figure so allows for bursts in demand.

Additional bandwidth charges apply over this figure as follows:

- £115.00 per month per 10mbps average

## ADDITIONAL OPTIONS

**Managed VPNs** – used where the customer cannot provide their own VPN termination.

Optional fixed VPNs (per site/location/cloud)	
On boarding	Per Month
£850.00	£550.00

## ADDITIONAL BANDWIDTH

Additional Internet Bandwidth		
Resilient 100 Mbit/s access, DDOS protected	Per Month	£400.00
Resilient 1Gbit/s access, DDOS protected	Per Month	£2500.00

The service includes bandwidth – the charges above are for circumstances where customers demand more bandwidth to be added on top of that provided

## STANDALONE SERVICE OPTIONS
